

True Samples: Brings you the more TOXIC of the TRAP, sounds with high radiation toxic, loaded with poison and toxins that paralyzes the body and the senses, the only danger is human dependence, because being heard by mortal ears you are not going to want to get away from the speakers intoxicated with the power of these impressive and sick sounds.

Only one dose of this pack will be necessary to get to jump like a madman in your room, we offer to him the tools that you need to give him the special and toxic touch to all his productions , you will never find something like this, a great arsenal of preset with totally new sounds , sick, futuristic and innovative, we travel to the future and we returned with this toxic pack.

You will find here the best hybrid trap presets, oriental, underground , hardcore and wobble and you'll find, midis files with sick melodies, drum loops, oneshots and fx, provided 100% royalty-free and ready to be deployed on the dancefloor.

Get this pack now and begins to spread the poison of this toxin to the world, not think about the now, think about the future and the future tells us that these sounds they will put to jump to all the earthlings.

All samples is warmed, processed and tuned.
